

Sweeping Services

Sweeping Services Of:

- **SURFACE LOTS/DRIVING AREAS:** Power sweeping & vacuuming the entire lot effectively picks up sand, glass, bottles, cigarettes, paper, leaves, and other common debris.
- **Parking Garages:** Keep your parking garage free of dirt and debris while improving the appearance of your parking garage. We have sweeping trucks that can fit into your height restricted garage.

Our parking garage sweeping services include:

Power blowing along garage walks, corners, entrance & exit areas, elevator landings, and other areas to remove trash, cigarette butts, leaves, dust, and other debris.

- **CORNERS:** It's not clean unless the corners are clean! We will sweep out all curblines and blow out the corners, giving your property that clean, crisp look that tells your customers that details are important to you!
- **SIDEWALKS:** Keeping sidewalks free of cans, glass, cigarette butts, and other debris creates a professional appearance for your property and ensures a safe, accident-free surface for your customers.
- **PERIMETERS:** Keeping your islands and grassy areas clean is an important part of our total sweeping package. S & K Building Services will ensure all perimeter areas are free of debris to create a professional appearance.

Our Mission

See it big. Keep it simple.
Treat people fairly. Be positive.
Have fun.

Create opportunities and offer
financial success for all
employees based upon their
merit and desire.
Understand what our customer's
problems are and solve them.
